Hiring Manager KPMG

Dear Hiring Manager,

I am excited to apply for the flex role: AML Investigation/QA Analyst position at KPMG. With over a decade of AML experience in the financial services industry, including a strong background in case investigations and quality assurance reviews, I am confident in my ability to contribute effectively to your team.

In my previous roles as an AML Investigations Analyst at KPMG and PwC, I conducted comprehensive investigations, pulling transactional data and KYC records, analyzing transaction patterns, and performing thorough research using open-source and media checks. These investigations informed my recommendations for SAR filings and enhanced compliance measures. My attention to detail and proficiency in drafting clear investigative summaries and SAR narratives ensured adherence to regulatory requirements and maintained operational excellence.

Additionally, my experience overseeing and providing feedback to investigators on case errors and analysis has honed my skills in quality assurance. I am adept at verifying case documentation for accuracy and completeness, as well as ensuring compliance with established procedures. My ability to review and refine SAR forms and narratives while meeting daily production and quality goals reflects my analytical mindset and commitment to precision.

With advanced knowledge of the Bank Secrecy Act, USA PATRIOT Act, and other relevant regulations, coupled with a strong command of Microsoft Office tools, I bring both technical expertise and excellent research and decision-making skills to the role. My strong oral and written communication skills enable me to collaborate seamlessly across teams and adapt to dynamic client needs.

KPMG's innovative approach to financial crime prevention deeply resonates with me. I am eager to apply my investigative expertise and QA capabilities to support your mission and deliver exceptional outcomes for your clients.

Thank you for considering my application. I would welcome the opportunity to discuss how my skills align with the goals of your team. I look forward to contributing to KPMG's success in this role.

Sincerely,

FRANCISCO J. PERALTA
