Dear Hiring Manager,

I'm excited to apply for the AML Investigator role with Treliant. I bring several years of hands-on experience reviewing AML/BSA alerts, conducting CDD/EDD investigations, performing OFAC screening, and drafting clear, well-supported SARs. I'm comfortable managing high-volume caseloads, meeting strict SLAs, and producing concise investigative narratives that stand up to regulatory scrutiny.

What draws me to Treliant is the opportunity to contribute to a practitioner-led team known for high-quality financial crimes work. I thrive in remote, project-based environments where independence, accuracy, and communication matter. My background with transaction monitoring systems, open-source research, and flow-of-funds analysis aligns directly with the responsibilities of this role.

I'd welcome the opportunity to support Treliant's clients with thorough, timely, and well-documented investigations.

Sincerely,

Francisco J. Peralta
