PROCESS MANAGEMENT | TRANSACTION MONITORING | INFORMATION SECURITY | CROSS FUNCTION PRIORITIZATION | BANKING OPERATIONS | AML/BSA ALERT & CASE LEVEL INVESTIGATIONS | EDD ASSESSMENTS | SAR WRITING | PROJECT MANAGEMENT

Process Manager and Military Veteran holding an Inactive Secret Security Clearance with over 16 years of collective experience in counterterrorism operations, law enforcement/public safety, anti-money laundering operations within the Department of Defense and financial services sectors. Fluent in English and Spanish. Key skills and achievements include:

- Developing and managing stakeholder relationships within various banking product services, such as global banking and markets, commercial banking, retail banking, wealth management and private banking.
- Conducting AML investigations and Enhanced Due Diligence (EDD) analysis of high-risk customer transactions within automated transaction monitoring systems such as Norkom, Jack Henry and Actimize.
- Ensuring compliance with BSA/AML/OFAC/USA PATRIOT Act programs and procedures for different banking products and services, such as international wires, bank to bank/correspondent bank transfers, cash and check transfers, letters of credits/trade financing and investment brokerage, etc.
- Analyzing internal processes and recommending and implementing procedural and policy changes to improve and streamline operations and promote efficiency overall mission accomplishment.
- Exceeding department production goals in investigations and analysis of accounts previously reported via suspicious activity reports (SARs) within reporting dead lines.
- Participating in short and long-term initiatives and trends related to new AML detection activities, technologies and tools.

OVERVIEW OF KEY ATTRIBUTIONS

- **Leadership:** A proven track record for leading multi-dimensional teams in high-pressure, high-tempo environments producing on schedule and within required deliverables. Proven ability to collaborate with a wide variety of colleagues.
- **Relationship Development:** Leadership, management, oral and written communication and interpersonal skills. Thrive in both independent and collaborative work environments. Skilled at developing and cultivating key relationships and establishing effective collaborations.
- **Program Oversight:** Record of successfully managing standardized workflow processes and short-term initiatives in support of various financial crimes investigations operations. Ability to explain complex concepts to audiences in a variety of backgrounds.
- **Computer Literacy:** Advanced statistical software and case management familiarity relating to transaction monitoring systems such as Norkom, Jack Henry and Actimize. Proficiency in Microsoft Office Suite (Word, Excel, Powerpoint) with proven ability in incorporating technologies and finance and risk management processes such as Enhanced Due Diligence (EDD) and Customer Due Diligence (CDD) across internal databases and open sources for the documentation of case adjudication.

PROFESSIONAL EXPERIENCE

KPMG through MBO - Remote, Antioch IL**Apr 2024 - Mar 2025****AML Investigations Analyst**

- Alert Management: Conducted 26-30 alert/case narrations weekly, consistently exceeding department production goals in the investigation and analysis of high-risk customer banking transactions using automated transaction monitoring software.
- Customer Profiling: Reviewed internal sources such as clients' Know Your Customer (KYC) profiles, historical account activity, and researched open-source/public domains for client profiling to identify and mitigate red flags related to financial crimes, including money laundering and terrorist financing.
- Report Review: Examined Currency Transaction Reports (CTR), Suspicious Activity Reports (SAR), and Unusual Activity Reports (UAR). Leveraged Enhanced Due Diligence (EDD) findings and KYC profiles to ensure that anomalous transactions, account behaviors, and cautionary flags were documented appropriately.
- Documentation: Documented analysis findings, ensuring appropriate levels of supporting documentation and evidence for alert dismissals and no-file decisions where legitimate commercial purposes could be determined.
- Detailed Research: Researched complex ownership structures and transaction flows provided by multiple case management sources to determine evidence of money laundering typologies. Ensured suspicious transactions and account behaviors were captured following department escalation and SAR filing requirements.

PWC through MBO - Remote, Antioch IL**Dec 2022 - Jun 2023****AML Investigations Analyst**

- Conducted thorough analysis of transactional data to identify suspicious activity, including potential fraudulent transactions and money laundering patterns.
- Pulled and examined transactional records from bank systems, and performed in-depth internal and external research on customer activities.
- Investigated findings to determine whether cases should be closed or escalated for suspicious activity reporting (SAR). Drafted comprehensive SAR narratives.
- Managed a daily and weekly workload of alerts with set targets for clearance. Reported daily production completion to Team Leads.

HSBC Bank NA – Arlington Heights, IL**Mar 2013 – Dec 2020****AML Investigations Analyst**

- Performed investigations and analysis of high-dollar correspondent banking wire transactions, trade finance activity and retail banking transactions of automated and manually generated alerts via transaction monitoring systems (CAMP and Norkom) for potentially suspicious transaction activity relating to financial crime.
- Effectively and thoroughly documented the investigative process within department outlined standard operating procedures via narratives ensuring appropriate levels of supporting documentation was obtained for alert dismissals/closures and no file decisions where commercial purpose could be determined relating to the alerting activity.
- Researched detailed profiling information provided by multiple sources to determine whether there is evidence of money laundering and other financial crime activity ensuring anomalous/suspicious transactions and activities, account behaviors and cautionary flags were captured in accordance with department escalation standards and SAR filing requirements.

United States Marine Corps – Various Locations**Oct 2010 – Mar 2013****Commercial Vehicle Inspector Facility Supervisor**

- Supervised and directed up to 13 security specialists during over 50K systematic inspections of commercial vehicles to ensure compliance with federal, state, and base commercial vehicle regulations; the result was 30 detentions and over

20 successful prosecutions for possession of narcotics or illegal substances.

- Coordinated the security response during military working dog “bomb alerts”, including immediate communication to dispatch and adjacent security elements; clearing the area of civilians and non-essential military personnel; detention, search and questioning of the suspect; and successful resolution of the alert via Explosive Ordnance Disposal clearance.
